## PROFILE

I'M Bona Brian Siagian. I'm a Software Engineer working on Web Applications. Design and developed applications from use cases and functional requirements. Creative web developer dedicated to developing and optimizing interactive, user-friendly, and feature-rich websites. Leverage analytical skills and strong attention to detail in order to deliver efficient web application, provide technical knowledge and expertise, build new websites from start to finish on schedule.

I'm enthusiastic, responsible and hard working IT person. Being worked for different projects helped me to adopt to the changes quickly and made me a mature team worker. I've been developing professionally for over 2 years but tinkering since a kid. I started in tech with freelance services during college.
